

**FOR IMMEDIATE RELEASE**

**Intellicheck Mobilisa To Announce Fourth Quarter and Year-End Financial Results**

***Conference Call and Slide Presentation March 8, 2012  
at 1:00 pm ET/10:00 am PT***

**PORT TOWNSEND, WA – January 25, 2012** -- [Intellicheck Mobilisa, Inc.](http://www.intellicheck.com) (NYSE Amex: IDN), a leading technology company specializing in wireless and identity systems, will report financial results for the Fourth Quarter and Year Ended December 31, 2011 before the market opens on Thursday, March 8, 2012. Following the announcement will be a shareholders' conference call at 1:00 PM Eastern/10:00 AM Pacific to discuss operating results. The call will be accompanied by a slide presentation for all interested parties.

To listen to the conference call, please dial (877) 407-8037. For callers outside the U.S., please dial (201) 689-8037. The slides may be viewed at: <http://www.investorcalendar.com/IC/CEPage.asp?ID=167126> and will also be available on our website: [www.icmobil.com](http://www.icmobil.com) under Investor Relations.

For those unable to participate in the live conference, a recording will be available for 48 hours after the call. The rebroadcast can be accessed by dialing (877) 660-6853 and (201) 612-7415 for international callers. The account access code is 327 and the replay ID is 387178. After the 48-hour window, please visit the investor relations portion of our website at <http://www.icmobil.com> for rebroadcast.

**About Intellicheck Mobilisa**

Intellicheck Mobilisa (ICMOBIL) is a leading technology company that is engaged in developing and marketing wireless technology and identity systems for various applications, including mobile and handheld access control and security systems for the government, military and commercial markets. ICMOBIL's products include the Fugitive Finder system, an advanced ID card access control product currently protecting approximately 100 military and federal locations; ID-Check, a patented technology that instantly reads, analyzes, and verifies encoded data in magnetic stripes and barcodes on government-issued IDs from U.S. and Canadian jurisdictions, designed to improve the Customer Experience for the financial, hospitality and retail sectors; and Aegeus, a wireless security buoy system for the government, military and oil industry.
