

FOR IMMEDIATE RELEASE

Intellicheck Mobilisa Showcases Fugitive Finder™ Access Control System to Military Audience

PORT TOWNSEND, WA – May 9, 2011 -- [Intellicheck Mobilisa, Inc.](http://www.intellicheck.com) (NYSE Amex: IDN), a leader in identity and access control systems, today announced its participation in the Force Protection Equipment Demonstration (FPED) to be held May 17-19 at the Stafford Regional Airport in Stafford, Virginia. The Company will be presenting in Booth Number 14-I. FPED is sponsored by the Department of Defense (DOD) Physical Security Equipment Action Group (PSEAG).

IDN will be showcasing their access control systems, which offer a complete set of security solutions. The Company's latest product release, Fugitive Finder™, features CAC validation at the handheld device level, while their long-standing IM3000 Visitor Center system integrates NCIC checks into all visitor passes, in accordance with the DTM for vetting individuals entering an installation or facility.

Online attendee registration to FPED is complimentary and available at <https://register.rcsreg.com/r2/fped2011/ga/top.html> through May 10.

About Intellicheck Mobilisa

Intellicheck Mobilisa is a leading technology company, developing and marketing wireless technology and identity systems for various applications including mobile and handheld wireless devices for the government, military and commercial sectors. Products include the Defense ID system, an advanced ID card access control product currently protecting over 80 military and federal locations, and ID-Check, patented technology that instantly reads, analyzes, and verifies encoded data in magnetic stripes and barcodes on government-issue IDs from U.S. and Canadian jurisdictions for the financial, hospitality and retail sectors.
